

Grow quality Australian almonds with Barmac.

We have your almonds covered.

When it comes to growing almonds, Barmac has you covered.

Whether it's a choice of granular controlled release fertiliser blends for planting or broadcasting, soluble crystalline NPK+ Trace Elements for fertigation or liquid fertilisers specifically designed for foliar uptake, Barmac has the nutrition solution you can rely on.

Barmac also provide a range of generic fungicides, insecticides and herbicides to economically control a spectrum of pests and weeds in your almond crop.
