

Grow quality Australian blueberries with Barmac.

We have your blueberries covered.

When it comes to growing blueberries, Barmac has your nutrition covered.

Whether it's a choice of granular controlled release fertiliser blends for planting, soluble crystalline NPK+ Trace Elements for fertigation or liquid fertilisers specifically designed for foliar uptake, Barmac has the nutrition solution you can rely on.

Barmac also provide a range of generic fungicides, insecticides and herbicides to economically control a spectrum of pests and weeds in your blueberry crop.
