

Grow quality Australian cotton with Barmac.

We have your cotton covered.

When it comes to growing Australian cotton, Barmac has you covered.

Barmac provides a range of granular starter fertiliser blend options for your cotton cropping needs. Barmac also supplies specialist foliar spray solutions, specifically designed to meet cotton requirements. Whatever the need, Barmac has the nutrition solution you can rely on.

Barmac also provide a range of specialty and generic herbicide, insecticide and fungicide options to economically control a range of pests and weeds in your cotton crop.

Out of Bounds

- 100 g/L Bifenthrin
- Group 3A Insecticide
- Controls Native Budworm, Cotton Bollworm, Two Spotted Mite, Green Mirid, Apple Dimpling Bug False Wireworm in cotton (WHP 14 days)
- Available in 1 L, 5L and 20 L pack size

Diazinon

- 800 g/L Diazinon
- Group 1B insecticide
- Controls Locusts, Cotton Flea Beetle, Red Shouldered Beetle in cotton
- Available in 20 L pack size

Chlorpyrifos 500

- 500 g/L Chlorpyrifos
- Group 1B insecticide
- Controls Cutworm, Armyworm, Pink Spotted Bollworm Moth, Locust, Wingless Grasshopper, Cotton Aphid, Cotton Flea Beetle, Red Shouldered Leaf Beetle, Springtail, Wireworm, False Wireworm in cotton
- Available in 20 L pack size

Thimet 200

- 200 g/kg Phorate
- Group 1B Insecticide
- Controls Aphids, Thrips, Jassids, Mites, Mirids, Wireworms, False Wireworms in cotton (10 weeks WHP)
- Available in 20 kg Lock n Load only

UNIZEB 750DF

- 750 g/kg mancozeb
- Group M3 Fungicide
- Controls Alternaria Leaf Spot in cotton (14 day WHP)
- Available in 20 kg pack size

Monopoly

- 720 g/L MSMA
- Group Z Herbicide
- Controls Bathurst Burr, Columbus Grass, Johnson Grass, Noogoora Burr, Nutgrass, Paspalum, Barnyard Grass, Pigweed, Spiny Burr Grass, Summer Grass, Yellow Vine in cotton
- Available in 10 L pack size

Pendant

- 330 g/L Pendimethalin
- Group D Herbicide
- Pre-emergent control of Wireweed, Grasses and certain Broadleaf Weeds in cotton
- Available in 20 L pack size

Sedgehammer

- 750 g/kg Halosulfuron-Methyl
- Dry Flowable
- Group B Herbicide
- Controls Nutgrass in cotton
- Available in 500 gram pack size

Muligan Insect Growth Regulator

- 100 g/L Pyriproxyfen
- Group 7C Insecticide
- Controls Silverleaf Whitefly (SLW) in cotton (WHP 28 days)
- Available in 5L and 20L pack size

Specialty Pollination

- Bee Keeper
- 250g/L honey bee pheromones, 750g/L controlled release aids
- Bee attractant / pollination enhancer. Enhances boll/lint mass, boll and seed number in cotton
- Available in 10L pack size

AMOS

- 980 g/kg Ammonium Sulphate (Spray Grade)
- Acidifying Biodegradable Spray Adjuvant for Aiding Herbicide Compatibility and Performance
- Available in 25kg pack size

Specialty Liquid Foliar Fertilisers

- Nurture N 30-0-0 (Controlled Release Nitrogen)**
- Used as a supplemental nitrogen and trace element application via foliar spray for flooded crop recovery aid or as required for general crop boost

- NutraFeed Liquid Fruit Filler (5% N, 10.5% P, 26.5% K + B & Zn)**
- Used as a supplemental phosphorus and potassium application via foliar spray in cotton from peak squaring to avoid premature senescence

- NutraFeed Liquid K (30% K as potassium citrate)**
- Used as a supplemental potassium application via foliar spray from peak squaring to avoid premature senescence

Granular Cotton Fertiliser Blends

- **Guano** planting blends contain multiple phosphate technology (Guano/Super/MAP/DAP) to deliver both fast and slow release forms for extended P availability to cotton in acid and/or alkaline soils
- **NutriSmart** planting blends for cotton integrate both biological and chemical fertiliser properties to nurture soil and cotton
- **Custom granular blends** are available to suit your individual cotton requirements
- Available in 1000 kg bulka bags
