

# ARE FUNNEL ANTS RUINING YOUR LAWN?

Funnel ants are an annoying pest for many people due to the unsightly mounds of dirt they deposit on top of lawns in their front and backyards.

Funnel ant mounds are very frustrating also as they generate a lot of dust during mowing which flows through the house and pets can leave trails of dirt and mud all over outside entertaining areas.

**Don't worry - Barmac has the DIY solutions!**

Barmac offers a range of insecticides to control funnel ants:

Product Options	Active	Rate (per 100m <sup>2</sup> )	Pack Size
