

Grow quality Australian strawberries with Barmac.

We have your strawberries covered.

When it comes to growing strawberries Barmac has your nutrition covered.

Whether it's a choice of granular controlled release fertiliser blends for planting, soluble crystalline NPK+ Trace Elements for fertigation or liquid fertilisers specifically designed for foliar uptake, Barmac has the nutrition solution you can rely on.

Barmac also provide a range of generic fungicides and insecticides to economically control a spectrum of pests in your strawberry crop.
