

## OUTDOOR BAITING PROGRAM

A successful baiting program utilises three lines of defence:

- 1 Perimeter control (around your fence line)
- 2 Exterior control (around the building)
- 3 Interior control (inside the building)

The regulatory control on distance between baiting stations varies from state to state.

Contact your Barmac territory manager to receive advice on what stations would suit your application and the distance between each.

## RATS VS MICE - KNOW YOUR ENEMY

- Fact 1** Rats eat 30 grams food in 24 hours
- Fact 2** Rats hoard food for weeks
- Fact 3** Rats are sexually mature in 2-3 months
- Fact 4** Rats have 5-6 litters per year
- Fact 5** Rats have 6-12 pups per litter
- Fact 6** Rats are cautious of new objects
- Fact 7** Rats will range 50-100 metres from nest

- Mice eat 3 grams food in 24 hours
- Mice do not hoard for weeks
- Mice are sexually mature in 1 month
- Mice have 8-11 litters per year
- Mice have 4-6 pups per litter
- Mice are curious and will investigate
- Mice will range 10 metres from nest

## TOMCAT BLOX

### Tomcat (green)

- Active ingredient is bromadiolone
- Green for safety
- Use green blox when baiting around pets and sensitive areas

### Tomcat II (red)

- Active ingredient is brodifacoum
- Red for danger
- Use red when increased rodent pressure and for a fast kill - 4 times more toxic

## WHAT MAKES TOMCAT THE BEST?

- 16 food grade additives for increased palatability
- Low wax content
- Gnawing edges on the blox - a shape rodents like
- Extruded blox with poison throughout
- Blox have a hole through the middle so they can be secured with the station rods
- Suitable for outdoor use
- Fast acting, single feed application
- One block contains enough poison to kill more than 15 mice
- Baits are designed for both indoor and outdoor use
- Tomcat Bait Stations must be used in areas that are accessible to children or pets

## TOMCAT BAIT STATIONS

- Keep bait away from children, pets and other animals
- Keep baits fresher for longer
- Automatically locks when closed
- Easy access key comes with station
- Made of heavy duty plastic to withstand the toughest conditions
- For indoor and outdoor use
- Fixing points for added security
- Place along outside walls, internal skirting boards, gardens and sheds
