## TRACEL

Tracel

A fully soluble blend of all essential trace elements for a wide range of situations including flowers, vegetables, fruit, shrubs, orchards, indoor plants and turf.

## TRACEL BENEFITS

- Contains all essential trace elements necessary for optimal plant growth in one blend
- Fully soluble trace elements ensure immediate plant availability
- High iron and manganese provides strong dark greening response in plants
- Tracel is suitable for the trace element requirements of a wide range of crops and situations

## PACK SIZES

Available in 20 kg Pack

Iron Deficiency in Garden Plants

Manganese Deficiency in Citrus

## PRODUCT CHARACTERISTICS

Colour
Off white to green crystalline soluble solid

a division of Amgrow

# TRACEL - Trace Element

**Application** (Refer to product label for more detailed instructions)

## Directions for Application

Tracel is suitable for soil application, either dissolved and applied or broadcast or band applied dry.

Situation	Rate
Fruits, Vegetables	Apply 100 grams per 10 m <sup>2</sup> (100 kg per ha) prior to planting. This can be broadcast or dissolved in a convenient volume of water and sprayed.
Flowers, Ornamentals, Indoor Plants	Every 3 months sprinkle lightly around the edge of the pot or under the drip area of shrubs and trees and water in. Alternatively dissolve 30 grams in 10 litres of water in a watering can and water normally.
Turf	Apply 1 kg in approximately 100 litres of water per 100 m <sup>2</sup> (15 kg in 1500 litres of water per bowling green) twice a year.  If renovating it is recommended the Tracel be mixed with renovation fertilisers and apply dry while the ground is open.

**NOTE:** The suggested rates of application are designed for typical use conditions and should be used as a guide only. Because climatic and soil conditions, application methods, irrigation and agricultural practices are beyond the control of Barmac and cannot be foreseen, Barmac accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product whether used in accordance with directions or not, subject to any over-riding statutory provision and provided that such liability under those provisions shall be limited to the replacement of the goods as supplied or the rendering again of the services that are provided.
