**Directions for application:** (Refer to product label for more detailed instructions)

**Restrains:**

Do not use product on Queensland Blue Couch, Carpet, Kikuyu or Centipede grasses as severe injury may result.

Do not apply to dry turf during hot weather.

Do not water or cut grass for 24 hours after treatment.

Do not spray on windy days as drift may damage desirable plants.

Situation	Weeds Controlled	State	Rate	Critical Comments
<b>TURF COUCH</b> Golf Greens, Parks, Lawns and Tennis Courts	Paspalum, Summergrass, Mullumbimby Couch, Sedges, Crab Grass, Nut Grass	All States except WA	250-660mL in 4.5- 20L of water per 100m2	Area to be treated should be watered the previous day to ensure the soil is moist. Use the finest spray possible. Some injury may occur if applied when air temperatures exceed 30OC.  Use of the lower rates will reduce discolouration but will require repeat applications at 7 days and 14 days later. Repeat spray program as necessary.
		WA only	250mL in 4.5-20L of water per 100m2	
Bowling Greens		All States except WA	10L in 300L of water per standard green	
		WA only	3.8L in 300L of water per standard green	
<b>TURF BENT OR FESCUE</b> Golf Greens, Parks, Lawns and Tennis Courts		All States	250-410mL in 4.5-20L of water per 100m2	
Bowling Greens		All States	6.1L in 300L of water per standard green	
<b>BUFFALO GRASS</b> Golf Greens, Parks, Lawns and Tennis Courts		WA only	250mL in 4.5-20L of water per 100m2	

Note: Applying additional products in the same tank mix increases the phytotoxic risk to crops.
