Product Information Sheet

Bioweed® Organic Herbicide

Analysis: 680g/L pine oil

Bioweed® Organic is a new generation in knockdown and pre-emergent weed control. As an organically certified product, it provides a proven solution for sustainable weed control.

This plant derived bioactive, offers an alternative to conventional herbicides, with long term environmental and economic benefits.

Bioweed Organic is a safe and effective alternative to hand weeding around flowers, vegetables and other glasshouse polytunnel crops.

There is no withholding period, maintains your soil health as there is no residue and is safe to use around the base of established crops.

Pack Sizes: 10 L pack

Benefits:

- Fast acting and highly effective. BFA organic certified product.
- Active ingredient strips the cuticle from leaf and seeds causing the plant or seed to desiccate and die.
- Broad spectrum knockdown weed control.
- Non residual chemical action in soil. Kills seed bank without harm to roots or soil microbes.
- Environmentally safe.
- Controls glyphosate resistant weeds.

Mixing Ratio Bioweed Organic 10%

Tank Size	Water	Bioweed
1 L	0.9 L	0.10L
5 L	4.5L	0.5L
10 L	9L	1L

Note: See our website www.barmac.com.au for an extensive list of weeds controlled by Bioweed Organic
