

### Lawnporn Charger

Lawnporn Charger is specifically formulated to promote rapid lateral turf grass growth as well as enhance colour. The unique blend of macro and micro nutrients as well as hormone growth promoters maximises the development potential of turf grass resulting in rapid establishment and recovery from damage or renovation. Lawnporn Charger also maintains growth and colour of warm season grasses during cooler months.

### Key Benefits of Lawnporn Charger

- Rapid recovery from incidences of plant stress, grow in or renovations
- Improved colour of turf grass in cooler periods of the year
- Dual nitrogen source for fast and efficient uptake by the plant
- High analysis iron and manganese in plant available form for rapid uptake
- Rapid green up response for improved turf colour and appearance
- Manufactured in Australia

### Directions for Use:

Mix according to the recommended dilution rates and apply as a spray or a drench to turf when immediate growth response is required. Lawnporn Charger contains nutrients and growth promoters that rapidly improve colour and kickstart turf leaf growth.

Use a water volume of between 5-15L per 100m<sup>2</sup>, apply in enough water to achieve adequate coverage of the application area depending on the application method (e.g. if using a watering can, a higher water volume will be required compared to a pressure sprayer).

Avoid application to hard surfaces such as concrete and stone as the product may stain. Do not use in spray equipment that has previously been used for herbicide application.

### Guaranteed Minimum Analysis

TOTAL NITROGEN (N)	7.2%
as nitrate	4.6%
as urea	4.6%
TOTAL POTASSIUM (K)	7.2% as nitrate
TOTAL IRON (Fe)	4% as sulphate
TOTAL MANGANESE (Mn)	2% as sulphate
TOTAL ZINC (Zn)	0.22 as nitrate
TOTAL SULPHUR (S)	3.6% as sulphate

Situation	Rate	Comments
Turf lawns of all varieties	200-500mL/100m <sup>2</sup>	Apply with a hand sprayer in a minimum of 5L water per 100m <sup>2</sup> . Repeat every 14-28 days when a high rate of growth is required.
